Important Change to Your Prescription Drug Coverage

CountyCare is partnering with MedImpact to provide your prescription drug coverage starting April 1, 2019. You will be receiving a new Member ID Card in the mail that has the MedImpact pharmacy information on it. Make sure you use your new ID Card when you go to the pharmacy to get your prescriptions filled.

What this means for you:

- Your prescription coverage will not change.
- You will get a new CountyCare Member ID Card in the mail.
- You should start using the card on April 1, 2019.
- Your new card has important pharmacy information on it. Remember to bring your new card when picking up your prescriptions.
- If you currently have a prior authorization on file for medication it will still be good for the length of the prior authorization.

If you do not receive your new card by April 1, 2019 and you need to get a prescription filled, please take this information with you and give it to the pharmacist:

Rx: MedImpact
RxBIN: 017142
PXPCN: ASPROD1
RxGroup: CCX01

You can also print a temporary ID card in the CountyCare Member Portal at: www.countycare.com/members/portal

To find a pharmacy near you use our pharmacy locator.

For more information on the medications you take or to check the status of a prior authorization log in to the MedImpact Member Portal.

If you have other questions about this change or your pharmacy benefits, please call member services at (312) 864-8200.
